7. MAJOR BUSINESS ITEMS

a. Chamberlin/Tibbits Annexation Initial Meeting

Associate Planner Berghoff explained to Council the purpose of this meeting is to determine whether the proponent be allowed to move forward with circulating the petition, determine whether annexation area is to accept a proportionate share of the city's bonded indebtedness, and whether to require pre-annexation zoning. Council will also need to determine the boundary to be considered for annexation and the noticing area for the community meeting. As part of the review process one comment was received from Poulsbo Public Works Department that indicating enough detail is shown to move forward with annexation however additional information would be required at the time of development. The annexation area is 44 acres, bounded on the east by the city limits and on the west partly by the urban growth area; zoning is residential low or low density residential, found in the subarea plan (4 units per net acre or 5 units per gross acre). A utility extension agreement exists within the annexation area with both water and sewer being provided. In addition, two letters have submitted for properties requesting to be considered in this annexation.

The staff recommendation is to authorize circulation of an annexation petition to include the area as requested by the proponent and to include the additional requested properties with noticing to include Liberty on the south up to Hwy 3 north for noticing.

John Burkholder, addressed the questions regarding what properties would be included in annexation and to whether the 60 percent would be achieved. Based on a polling of the property owners beyond the boundaries indicated, they still believe they will have the necessary 60 percent.

Council discussion included which properties to include, existing utility extension agreements, Urban Growth Area, availability of utilities in newly annexed areas and which area should be included in the public meeting process.

MOTION: Erickson/McGinty. Move to authorize the proponents to circulate an annexation petition requiring the annexation assume its proportionate share of the City's bonded indebtedness and requiring zoning per the Urban Growth Area Sub-Area Plan for the staff recommendation going south to Cedar Lane, including the additional triangular piece as requested. The community meeting shall include residents south to Liberty Road and north to Finn Hill.

Motion carried. Yes: Lord, Erickson, Stern, Berry-Maraist, McGinty, Rudolph. No: Crowder.
