

2018 Commercial Districts Ordinance Update

Public Participation Plan

March 2018

INTRODUCTION

The Growth Management Act of Washington (GMA) requires counties and cities to review and evaluate comprehensive plans and development regulations, and update them if necessary, according to a schedule established by RCW 36.70A.130. The City of Poulsbo adopted an updated comprehensive plan in December 2016, which provides a framework of goals and policies. In 2017, the City of Poulsbo updated the Critical Areas Ordinance and Land Division Ordinance.

The City's next review of development regulations is the Commercial Districts, found in Poulsbo Municipal Code (PMC) 18.80. The general purpose of the city's commercial districts is to provide the necessary commercial goods and services for the Poulsbo and greater north Kitsap communities. The commercial districts provide for the location of retail sales and services, professional services and offices, food and drinking establishments, lodging, personal and health services, arts, amusement, medical facilities, educational and recreational uses among others.

The primary purposes of the 2018 Commercial Districts Update is to incorporate development standards consistent with the land use and community character policies of the 2016 Poulsbo Comprehensive Plan; to ensure that commercial developments respect the scale, design and character of Poulsbo; provide for a mix of commercial land uses that respond to market changes, and serve the needs of residents, businesses, and visitors; and provide clarifications in some areas where ambiguity of the development standards exist.

PUBLIC AND AGENCY GOALS

- To provide the public with timely information, an understanding of the process, and opportunities to review and comment on the critical areas ordinance amendments, and to have these comments forwarded to the City's decision makers.
- Ensure that information about the process is provided to the public early in the process and at regular intervals thereafter, to maximize public awareness and participation in the process.
- Actively solicit information from citizens, property owners and stakeholders about their concerns, questions and priorities for the amendment process and the future of Poulsbo land uses and the City's Comprehensive Plan.
- Encourage the public to informally review and comment on the update throughout the process.
- Incorporate public comment into the local government's review process prior to significant milestones or decision making.
- Provide forums for formal public input at milestones prior to decision making by local officials.
- Consult and consider recommendations from neighboring jurisdictions, federal and state agencies, and Native American tribes.
