Poulsbo Fire

911 Liberty Rd NE
360.779.3997 (non-emergency)
Chief: Jim Gillard

Is My Business Permitted?

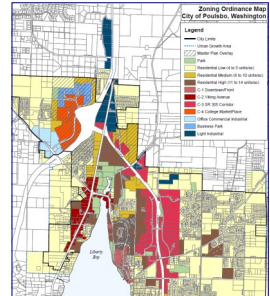

Poulsbo's zone designations determine how you can use and develop property. Before you make plans to move, change, or expand your business, you need to know the zoning designation and the associated zoning laws.

FIRST. Find out the zoning district by going to:
www.cityofpoulsbo.com/codes-amendments-maps/

- As an example, we will use C-2 Viking Ave.

SECOND. Go to the Poulsbo Municipal Code:
www.codepublishing.com/WA/Poulsbo/

- Click on Title 18: Zoning Ordinance
- Find 18.80 Commercial Districts

THIRD. Determine if the use you are proposing is allowed. Use means an activity or purpose for which land or premises or a building is designed, arranged or intended, or for which it is occupied or maintained, let or leased.

- As an example, we will use a proposed microbrewery.
- Click on 18.80.030, Uses. The use table will list each commercial zone and the types of uses that are regulated.
- Scroll until you find “microbrewery, distillery or winery.”
- Under the C-2 Viking Ave. category we see the letter P. This means that the use is permitted outright, subject to all the applicable provisions of Title 18.

FOURTH. Determine if there are any restrictions. Do you plan on remodeling or expanding the building? If so, you will want to review the development standards for the zone. For C-2 Viking Ave., you can find those in 18.80.040.

- For example, if you are proposing an addition to an existing building, it is important to know the required setbacks from property lines. Or, if you plan to add a second floor, it is important to know the height limit.

FIFTH. Once you have a location and proposal for your project the next step would be to speak with the Planning and Economic Development (PED) staff. Describe your project and location and staff will let you know what permits will be required to move forward. PED Department can be reached at (360) 394.9748 or plan&econ@cityofpoulsbo.com.

Permitting.

Land Use Permit. Required if you are developing or redeveloping property with new or expanded structures. It may also be required if you are operating your business through your [home](#). Handouts and applications may be found on the City's [webpage](#).

Building Permit. Required if you are constructing or modifying your business. Building permits, applications and fees can be found [online](#) or at City Hall.

Clearing and Grading Permit. If you plan on removing, moving, or bringing in more than 50 cubic yards of dirt, you will need a clearing and/or grading permit through the [Engineering](#) Department.

Health Permit. Certain types of business will require a health permit such as restaurants, bars, grocery stores, day-care facilities, and bakeries. Check with the Kitsap Public Health District to determine if you need a permit at (360) 728.2235 or visit them online at www.kitsappublichealth.org/.

Right of Way (ROW) Permit. Any work done in the City ROW, connecting to utilities, or a new driveway need a permit. Contact the [Engineering](#) Department for permit application, fees, and requirements.

Sandwich Board Sign Permit. [Sandwich Board Signs](#) are regulated in the Zoning Ordinance. If your business plans to display a sandwich board for longer than 14 days in the year, it is considered to be on permanent display and requires a free [sandwich board sign permit](#) from the city.

Sign Permit. If your business plans to display signage, you will need to review the City's [standards](#) in [PMC 18.170](#).

Washington State Department of Liquor and Cannabis Board. Specialty permits, such as Alcohol and Banquet Permits, can be applied for through the [State Liquor and Cannabis](#) Board. Please call (360) 664.1600.

Sandwich Boards.

A [sandwich board sign](#) means a portable sign, typically in the shape of an inverted V, with two sign boards attached to each other at the top of the sign; also known as a sidewalk or A-frame sign.

WHEN IS A PERMIT REQUIRED?

Sandwich board signs intended for permanent display (more than 14 days in a calendar year) are required to obtain a sandwich board sign permit from the city. The annual permit is valid for the calendar year and expires on December 31st of each year.

HOW MANY CAN YOU HAVE?

No more than one sandwich board sign shall be permitted for any business.

WHAT ARE THE SIZE LIMITATIONS?

- Sandwich board signs shall not exceed 6 square feet in size per face and shall not exceed 4 feet in height.
- The sign shall not be artificially increased above the allowed maximum height by elevating the sign off of ground level by any means.

WHAT IS THE PERMIT PROCESS?

You can submit your application by mail or in person. By mail, send the [Sandwich Board Registration Application](#) and materials to:

City of Poulsbo - Planning and Economic Development
200 Moe Street NE
Poulsbo, WA 98370

An application must include a notarized signature from the property owner of the site where the sign is intended to be placed.

When a sign is located within the right-of-way you will also need to provide a signed and notarized statement that you assume liability for any damage resulting from your use of the sandwich board sign, and which holds the City harmless from all losses and/or damages. This signature block is included in the city's sandwich board permit application.

Sandwich board sign permits are free.

Miscellaneous Glossary.

There are a number of other terms and requirements that you may encounter. Below is a brief explanation and, if available, links to handouts for additional information.

PRE-APPLICATION CONFERENCE is a meeting between project applicant and representatives of appropriate City departments and other review entities that is conducted prior to the submission of a detailed application. These pre-app conferences are intended to provide an overview of the regulatory requirements and application process. PED staff will inform you if a pre-app conference is required or recommended.

CHANGE OF USE is a change from one permitted use to another. The only guide for determining whether one use is different from another is its [use classification](#) in the Poulsbo [Zoning Ordinance](#). For example, when a retail space changes to a restaurant, an office changes to retail, or a home changes to an office.

TEMPORARY USE PERMIT is a mechanism by which the city may permit a use to locate within the city on an interim basis without requiring full compliance with the development standards of the land use district or by which the city may permit seasonal or transient uses not otherwise permitted. See [PMC 18.280](#) for time limits and standards.

TEMPORARY SIGNAGE. A temporary sign means any sign, banner, pennant, valance or advertising display intended to be displayed for only a limited amount of time. No permit is necessary for temporary signs, however they are required to consistent with [PMC 18.170](#).

HOME OCCUPATION is a use conducted entirely within a residential building or allowed detached accessory structure, which is clearly incidental and secondary to the use of the residence for dwelling purposes, and for which customers or clients visit the home for business purposes. See the [Home Occupation](#) handout for more information.

Business License.

Every business needs one or more federal, state, or local licenses to operate. The City of Poulsbo is participating in a joint business licensing program with the [State of Washington Business Licensing Service](#). Most businesses may now apply online for the City of Poulsbo and various state and local agencies (including Department of Revenue, Secretary of State, Employment Security, Labor & Industry, and Department of Licensing and other municipalities) using a single form with addendum pages for each participating municipality.

You will receive one Business License from the State showing both your city and state business licenses.

To register your business with the City and State visit the City of [Poulsbo License Information Page](#). You will be instructed how to apply online or by mail. Questions about the Business License Application form or the Addendum form should be directed to the Department of Revenue at 1-800-451-7985.

LICENSE FEES

New application	\$65.00 (plus \$15.00 State fee)
