Upcoming City Hall Closures

Due to upcoming holidays and celebrations, City Hall will be closed December 24th and 25th, open from 8:00-12:00 pm on December 31st, and closed on January 1st.

Additionally, City Hall will be closed from 11:30-12:30 pm on Friday, December 14th for a Employee Appreciation Holiday Luncheon.

Thank You

The City of Poulsbo would like to thank everyone who participated in this year's holiday food drive. City employees, along with members of the community, were able to raise 483 pounds of food this year, which was all donated to North Kitsap Fishline.

water main was replaced and upsized - adding more capacity and improving fire flow. The sanitary sewer system was also upgraded and moved from its current shoreline location and rerouted down Fjord Drive up to Harrison. The storm sewer system received minor upgrades - improving drainage. All utilities were aging and due for upgrades. The driving lanes were replaced on Fjord Drive and on the west side of Hostmark Street within the project limits, and there are ADA upgrades on Hostmark Street. The City thanks you for your patience during the construction of this project.

Planning Commission Vacancy

If you are interested in serving on the Planning Commission, please submit a completed application to the City Clerk, 200 NE Moe Street, Poulsbo, WA 98370. Applicants must reside within the city limits of Poulsbo, be available to convene on a Tuesday, and have an interest in long range growth and current development.

Applications are available on the City's website at the following link: <https://cityofpoulsbo.com/boards-commissions/>

Forest Rock Lane Pavement Preservation Project

Forest Rock Lane, an important neighborhood collector in our City Network, was built 20 years ago and is in need of an upgrade. Steepness of the road, subsurface water flow, road base, and asphalt thickness have all been contributing factors to condition of the road. This project will rebuild the road base, install trench drains, and thicker asphalt will improve the road. The road will be upgraded from the Central Market entrance to Caldart Avenue.

This is the first Full Depth Reclamation type of project for the

City. The existing road and base is pulverized and used to build the new road section on top of it. This means the project reuses material, reduces the work and material required by the contractor, and shortens the duration of the project. The project will also include drainage enhancements, ADA upgrades, installation of a radar speed sign, and channelization of the road to slow down traffic.

This project will advertise for bids in December, with actual construction happening in Late Spring 2019.
