For over 15 years the North Kitsap School Foundation (NKSF) has been making a difference in our schools by awarding grants to teachers. The grants allow teachers to turn their innovative ideas into learning opportunities for students of the North Kitsap School District.

This year NKSF was proud to award \$70,00 in classroom grants for the 2019-2020 school year to 50 teachers. Your kids may be talking about the exciting things they are doing in school, as the projects cover the spectrum of needs. They include metal working tools and equipment for a new CTE class in industrial metal working, to tickets for the 2nd and 3rd grade classes to attend the Bremerton Symphony's production of "Peter and the Wolf," to systems for biology students to simulate DNA and genetic testing, and more. Sadly, over 30 teacher requests went unfulfilled.

You can make a difference in our schools by supporting North Kitsap School Foundation, a non-profit 501(c)3 organization. Please visit the website nkschoolsfoundation.org and sign up for the e-newsletter. You can also follow them on Facebook to see how you can help.
