Dear Mayor Erickson:

Thank you for your patience in the review of your 2022 Annual Title VI Compliance documents. The Washington State Department of Transportation (WSDOT) apologizes for the delay in responding to all Title VI report reviews in a timely fashion. The delay was due to several months of vacancy of our Program Specialist position, a position which was filled on June 1.

WSDOT approved your Annual Title VI Compliance documents to meet the requirements under Title 23, Code of Federal Regulations (CFR), Part 200 and 49 CFR 21, as well as the provisions of Executive Order 12898 on Environmental Justice and Executive Order 13166 on Limited English Proficiency. As public records, your Title VI Accomplishments and Goals report, Letter of Intent, and Non-Discrimination Assurances (NDA) should be posted on your website. Please update the NDA if there is a change in the Executive Official who signs it and email it to WSDOT within 30 days.

WSDOT appreciates your efforts in developing the required documents for your Title VI Program. Your next annual report is due **August 1, 2023**, covering the reporting period of July 2022 to June 2023. Transmittal email contains additional information.

WSDOT is committed to providing any assistance you may need with your Title VI Program implementation process. For assistance, please contact me at 360-522-2794 or at KarolcD@wsdot.wa.gov.

Sincerely,

A handwritten signature in cursive script that reads 'Doris Karolczyk'.

Accomplishments

1. Have there been any changes to the approved Title VI Plan that have not been reported to OEO? If Yes, please submit an update to the Title VI Plan with a new signature.
2. Organization, Staffing, Structure – Describe the Title VI Program reporting structure including the Title VI Coordinator, Administrative Head, and transportation-related staff. The list should include name, race, color, and national origin of each individual. Include the same details if your LPA has a volunteer or appointed board related to transportation decision making.

Title VI staff chart is attached with this report and hasn't changed since 2014. Mayor Erickson is administrative head, City Title VI Coordinator is Deanna Kingery, Human Resources. Diane Lenius, PE is Director of Engineering leading all transportation staff. Michael Bateman is transportation Title VI Liaison. All staff personnel are white, US citizenship.

3. Community Demographics – Using a map of the LPA's boundaries, describe the demographics of the LPA's service area (e.g., race, color, national origin, low-income). List, by individual languages, the percent of the population(s) that is limited English proficient.

2020 CENSUS with most recent available American Community Survey (ACS) estimates – see attached tables:

Population: 11,891

Race:

85.4% White, 1.1% African American, 0.0% American Indian or Alaska Native, 0.6% Native Hawaiian and other Pacific Islander, 3.4% Asian, 10.4% Hispanic

Limited English Proficiency:

(LEP – 2017 ACS 5-year estimates – most recent available for Poulsbo City and Kitsap County - see attached tables):

All Households: 0.4% (note reduction from 1.3% 2020)

0.0% Spanish, 0% Other Indo-European, 0.4% Asian and Pacific Islander, 0% Other Languages

All Citizens in Population: 3.0% (note reduction from 3.7% in 2020)

LEP data continues to be difficult to find with elimination of American FactFinder, but appears to be trending down in Poulsbo as noted above

As noted below, the municipal court systems in Kitsap County have a well developed Language Assistance Program. For that program in addition to ACS data, actual language needs utilized in the court system were assessed. While that data is more countywide and specific to the population navigating the court system, the language needs show Spanish to be the primary language service need, followed by Mam, Chuukase, Tagalog and Korean. This appears to be reasonably consistent with the currently available population and LEP data for Poulsbo and the surrounding area.

Limited English Proficiency Services:

The City provides Spanish translated notification on all published notifications, meeting agendas, etc as noted in this report. The City has ISpeak cards at all service counters with staff attaining training accordingly. Staff has translation services available when needed/requested.

The City continues to proactively work to ensure that the City's LEP population is properly served.

In addition to the general language accommodation noted above, the municipal court systems in Kitsap County (Bainbridge Island, Bremerton, Port Orchard and Poulsbo) have cooperated to develop a robust Language Assistance Program (LAP) for Limited English Proficient community members navigating the court system. The resources developed in this LAP for language assistance are available to other departments needing language services. This LAP is attached with this report and made available on the City's website.

No transportation related language services were requested during this reporting period.

4. Complaints – Provide a copy of the LPA's Title VI complaint log, including new Title VI complaints received during this reporting period and any still pending. Include the basis of the complaint (race, color, national origin) and describe the disposition (status/outcome).

No complaints received during this reporting period, none outstanding or pending from previous reporting periods.

5. Planning – Describe the transportation planning activities performed this reporting period. Describe the actions taken to promote Title VI compliance regarding transportation planning, including monitoring and review processes, community involvement, their outcome or status. Include examples of community outreach.

As part of drafting the City's ADA Transition Plan, an interactive survey was created online to encourage citizens to identify areas of concern. The City reached out to citizens via monthly newsletter, Facebook and a notice on Utility Bills. The City issued a request for proposals for Complete Streets Plan, currently reviewing proposals. General outreach to public via council meetings, etc. does occur as below in #10:

6. Right-of-way actions – Describe activities during this reporting period associated with the purchase, sale, lease/use, or transfer of real property (related to highway transportation/public right-of-way use). Include demographic information of affected populations. For example, the race, color, national origin of affected property/business owners(s)/tenant(s).

The City had no Right of Way activities for this reporting period.

7. Identify right-of-way appraisers and acquisition staff (used during this reporting period) by race, color, national origin.

The City has a contract Supplement with Parametrix which includes Right of Way Acquisition Services. The sub-consultant who is performing these services is Tierra who is a certified MWBE. Their work began in this reporting period.

8. Studies and Plans – Were any transportation studies (including environmental reviews) conducted or transportation plans completed during this reporting period? Identify the data source(s) and provide data summary (Title VI/Environmental Justice Analysis) relative to ethnicity, race, languages spoken, neighborhoods, income levels, physical environments, and/or travel habits. Explain how data was used in these studies/reviews/plans.

ADA transition plan under development – currently in self-discovery phase. Next phase will develop recommendations for improvements and will include EJ population and location in ranking process.

9. Project Location and Design – Provide a list of construction projects that began during this reporting period. Using a map of the LPAs service area, identify project locations, and a brief description of the projects' benefits/burdens to affected populations. If possible, provide a map that overlays projects with the racial composition of affected neighborhoods.

- **2021 Pavement Preservation – Liquid Roads Ultra**
- **2022 Road Striping Project**

10. Other Public Meetings – List other public meetings held during this reporting period. Identify efforts used to encourage citizen participation at those meetings. Detail dates, times, locations, attendance, and provide examples of outreach materials.

Identify members of the LPA's transportation planning and/or advisory groups by race, color, and national origin

Specify methods used to collect demographic information from the transportation-related public meetings. (Self-identification surveys, notes by staff, etc.) Include summaries of Public Involvement Forms collected at each meeting, listing the demographics of those who attended by meeting.

List any language assistance services requested. For which languages? Who provided the service? In addition, list vital documents translated during the reporting period and identify the languages.

Three times per month City Council Meetings, twice per month Planning Commission Meetings, more than four different Council Committee Meetings per month, and numerous Project Meetings and Public Hearings all noticed for Public involvement.

Public notices for meetings and hearings include Title VI/ADA clause and the secondary Spanish notification indicated below.

All meetings and hearings are held at Poulsbo City Hall, an accessible facility. Times are chosen to maximize the opportunity for public input as much as possible. City Council committee meetings are held at times between 3:30pm and 5pm, City Council and Planning Commission

meetings are held at 7pm. Public outreach meetings are held after work hours to maximize public input – typically 6pm. Development permit related public hearings before the City’s hearing examiner are held during work hours due to availability of City’s contract hearing examiner.

All City Council, Council Committee and Planning Commission meetings as well as public hearings are audio recorded and recordings are available to the public. City Council meetings are streamed live online during the meeting, and video recordings are available on the City website following the meeting.

In order to comply with Governor Inslee’s Stay Home, Stay Healthy order during the Covid-19 crisis public meetings and hearings have been temporarily changed to virtual meetings compliant with the order and subsequent declarations. Public notification of the meetings includes information on how to attend with call in number and meeting ID or how to give written public input prior to the meeting. Written input will be received via email, letter or accepted in the City drop box. Written input received prior to the meeting is read into the record at the meeting. Citizens may also call the Clerk’s office and provide oral comment to be transcribed and entered into the record in the public meeting. Starting May 20, 2020 citizen comment have been accommodated during the online meeting as well. To date no special accommodation requests or complaints have been received regarding these virtual meetings.

Due to the recent changes in the Open Public Meetings Act by the state legislature, all meetings subject to the OPMA are currently done in a hybrid model, with attendees having the ability to attend the meetings in person or virtually through Zoom. Written comments are still accepted; however, they are no longer read into the record. Participants can give verbal comment live in person or virtually through Zoom.

Special language services are provided in response to citizen requests. No requests for language or translation services were received in this reporting period.

Updated Title VI language contract language per WSDOT guidance.

Spanish Statement below included in all published agendas, notifications, etc:

“Para solicitar un formato alternativo de la agenda impresa, comuníquese con la oficina del City Clerk al 360.394.9880.”

11. Transportation-related Construction and Consultant Contracts (if applicable) – Briefly describe the process used to advertise and award construction contracts during this reporting period. Include the process for negotiated contracts (e.g., consultants).

The City advertised in its’ official newspaper for 3 weeks, an RFQ to solicit a consultant for the Complete Streets project. The RFQ’s were assessed by a panel and finally interviews were conducted with the highest ranked consultants. Based on qualifications, the award of consultant contract was chosen with the highest ranked firm. The City is currently negotiating the scope and budget with the selected consulting firm.

Construction contracts were advertised for a 3-week period in the City’s official newspaper and sealed bids were accepted and then opened publicly. Bids were tabulated, bid proposals reviewed for completeness and contract was awarded to the lowest bidder.

- Describe the actions taken to promote construction contractor/consultant compliance with Title VI by construction contractors/consultants, including monitoring and review processes, and their outcomes/status (e.g. what Title VI language was included in contracts and agreements; were contractors and consultants reviewed to ensure compliance; what Title VI responsibilities are explained to contractors and consultants?)

The City advertised the Systemic Safety project on the OMWBE website to encourage bids from DBE contractors. The City was assigned a mandatory 11% DBE goal on this project and incorporated DBE requirements in the projects’ contract documents. The City monitors DCMS to ensure DBE (COA or voluntary) subcontractors are paid promptly. DBE compliance requirements were reviewed during the project pre-construction meeting.

Title VI language used in public works projects is:

2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises as defined at 49 CFR Part 26 will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, or sex in consideration for an award.

The City was notified by WSDOT on 7/7/2021 of revised Title VI language. The City will use this revised language going forward.

- List construction, right-of-way, and consultant contracts with your LPA/MPO/entity for this report period with dollar value of each. Identify funding sources (federal, state, local, other), and how many were awarded to certified disadvantaged contractors (as a prime contractor/consultant).

Two staff members (Michael Bateman and April Zieman) attended the 2021 virtual Title VI training, and on 4/14/22, April Zieman attended the AWC web based training “Social Justice in Action: Addressing Race Relations in the 21st Century.” Josh Ranes (Transportation project manager) took the 2021 virtual Title VI training in 2022. Title VI outreach and refresher training anticipated for wider City staff in 2022.

Title VI Goals for Upcoming Year

What area(s) of Title VI does your agency plan to focus on in the upcoming year? Describe by particular program area what your agency hopes to accomplish. Include any significant problem areas to focus on and plans to address those.

Title VI improvement activities continue to be very limited during Covid crisis restrictions. This year's goal includes bringing back a more active Title VI program and widen the exposure and knowledge citywide of Title VI requirements and responsibilities. Goals carried forward from last year include:

- **Improve Title VI training for employees citywide, particularly with staff that are providing counter services to the general public, including refresher training regarding ISpeak and language services available to staff and citizens through the court system's Language Assistance Program.**
- **Edit City's purchasing manual to highlight need for required Title VI language in both advertisements and contracts.**
- **Develop EJ population mapping for the limited EJ populations in Poulsbo (probably in conjunction with development of ADA transition plan mentioned above).**
